

Natura Impact  
Statement

**NISA**  
*North Irish Sea Array*

Volume 1  
Preface

## Contents

### Volume 1: Main Report

Natura Impact Statement: Main Report	1
--------------------------------------	---

### Volume 2: Natura Impact Statement Appendices

#### Book 1 of 2

Appendix 1 – Key Personnel	1
Appendix 2 – Integrity Matrices	4
Appendix 3 – In-Combination Long List	89
Appendix 4 – Cable Route Benthic Survey Report	218
Appendix 5 – Array Area Benthic Survey Report	298
Appendix 6 – Underwater Noise Modelling Report	341
Appendix 7 – Offshore Environmental Management Plan	402
Appendix 8 – Onshore Construction Environmental Management Plan	497
Appendix 9 – NISA Bioenergetic Modelling	629
Appendix 10 – Marine Mammal Mitigation Protocol	646
Appendix 11 – Environmental Vessel Management Plan	693

#### Book 2 of 2

Appendix 12 – Offshore and Intertidal Ornithology Technical Baseline	708
Appendix 13 – Offshore and Intertidal Ornithology Population Viability Analysis	960
Appendix 14 – Method Statement Offshore Wind Ornithology Assessment for East Coast Phase 1 Projects	978
Appendix 15 – NPWS Review of Method Statement	1001
Appendix 16 – Method Statement Review Consultation and Justification Log	1026
Appendix 17 – Offshore and Intertidal Ornithology Displacement Analysis	1050
Appendix 18 – Offshore and Intertidal Ornithology Collision Risk Modelling Assessment	1091
Appendix 19 – Offshore and Intertidal Ornithology Migratory Collision Risk Modelling	1132
Appendix 20 – Offshore and Intertidal Ornithology Apportioning Appendix	1158
Appendix 21 – Fish and Shellfish Ecology Baseline Characterisation	1194
Appendix 22 – NISA Dublin Bioenergetic Modelling	1304
Appendix 23 - MRSea Modelling for Offshore Ornithology	1324
